March 2019

Notice of Intent to Adopt
Draft Mitigated Negative Declaration
For the
Classroom Building Project

Pursuant to the California Environmental Quality Act the University of California (UC) Santa Barbara has prepared an Initial Study/Mitigated Negative Declaration (IS/MND) for the proposed Classroom Building Project.

The Santa Barbara campus proposes to construct a new classroom building on the Main Campus at UC Santa Barbara south of the Davidson Library. The project is to construct a four-story building with 53,700 assignable square feet and 95,250 gross square feet of floor area. The building would provide lecture halls and classrooms of various sizes, and associated support and accessory uses. Other elements of the Project include the removal of Temporary Building No. 408, the relocation of a bicycle path that crosses the project site, and the construction of new bicycle parking areas.

The Classroom Building IS/MND is available for public review at https://www.facilities.ucsb.edu/departments/campus-planning-design/current-projects under Current Projects, Main Campus, or upon request at the UC Santa Barbara Office of Campus Planning and Design. The document is also available at the UC Santa Barbara Library-Government Information Center, Santa Barbara Public Library, and the Goleta Valley Public Library.

Public review and opportunity to comment on the content of the Project Draft IS/MND is provided during a 30-day period from Monday March 18, 2019 through April 17, 2019 by 5:00 pm. Email comments to shari.hammond@ucsb.edu or send written comments postmarked no later than 5:00 pm April 17:
